

Refund Policy

Summer Camps 2020

Refunds: Registration *Summer Camps 2020* fees are **non refundable**. The reason that fees cannot be refunded is because camps have limited spots (12 players per group) and once they are full, other players do not have the opportunity to sign up. Additionally, registration fees are used to pay for overhead expenses, such as operational costs. We count on your commitment based on registration and payment made.

Exception: If a player has been exposed to COVID-19 prior to camps, please email us at least within 48 hours with proof of test taken or a doctor's note. We will grant you FULL club credit for further club events or 80% refund of payment made. Players must stay home for at least two weeks before returning to our club.

Note: In case of a mandated closure by our Governor of California and USA Volleyball we will grant 100% club credit for the camps that we are not able to fulfill. Credit can be used for any further events or merchandise on sale.
